

special applications

m2000 conductive plus

for ESD control

- Sheets and tiles
- Suitable for heavy traffic areas
- No need for conductive adhesive
- No need for conductive wax
- Extreme durability
- Smooth non porous surface finish
- Low VOC certified material
- CA 01350 compliant
- May contribute with points to LEED program
- Free of PVC and halogens
- 9 colors

rubber flooring electrostatically conductive for ESD control of electronic devices
